Dynatrace Group Sub-processors:

Dynatrace operates around the world. The Dynatrace group of companies (the "Dynatrace Group") engage personnel to provide service support and other management functions in connection with the services provided under our agreement with you. This support and management includes engineering activities related to managing the availability, latency, scalability and efficiency of the services; product management; and customer support. This means that when we collect your personal data in the course of performing the services under our agreement with you, we may process personal data in any country where a Dynatrace Group entity operates, including the United States headquarters where Dynatrace LLC is located. For a list of Dynatrace Group entities, please see <https://www.dynatrace.com/company/locations/> (excluding partner locations). We have taken appropriate safeguards by implementing the European Commission's Standard Contractual Clauses for transfers of personal data among our Dynatrace Group entities, which require the Dynatrace Group to protect personal data they process from the EEA in accordance with European Union data protection and privacy law.
